

Save Jerusalem

The following speaks for itself. It is the substance of two reports by Dr. Michael D. Evans which he sent to his friends and supporters. He is one of America's strongest defenders of Israel, an award-winning journalist, bestselling author of 31 books and producer of 18 documentaries. He is the founder of America's largest pro-Israel grassroots Christian Coalition – The Jerusalem Prayer Team. He appeared on hundreds of network television and radio shows and has been close to the Israeli leadership since Prime Minister Menachem Begin.

Hilmar von Campe

I have just finished my second visit to Israel in the last 5 weeks because of the urgent crisis in the nation. President Shimon Peres has invited me to join a special meeting he has put together with Mikhail Gorbachev, Tony Blair, President Bush and other world leaders. I could not refuse his invitation. This is the most crucial moment in the 60 year modern history of Israel.

I am shocked, outraged, and horrified at the plot to divide Jerusalem. President Bush has refused to go to the Western Wall or visit Mt. Calvary or the other Christian holy sites—because he has taken the position that they are “disputed territory!” If this plan is passed, East Jerusalem will be under Islamic rule of law which will ultimately mean death for a missionary leading a Muslim to Christ...and the desecration of that which we consider most precious, places where our Lord shed His blood as happened with Bethlehem. To anyone who knows and believes the Bible, they know these places are not up for dispute!

I was horrified to learn that when President Bush came to Israel for its 60th Anniversary, he had made the decision to mobilize Arab nations to come together for a summit. It is extremely humiliating to think this would be America's way of honoring Israel's 60th year of prophetic rebirth. Within 48 hours of celebrating the birth of the baby, President Bush met in Egypt with King Hussein and other leaders to carve the baby.

God promised this land to Israel...and He will curse any one and any nation that tries to take it away. President Bush is committed to his plan to divide Jerusalem and force Israel to evacuate and abandon a vast portion of the West Bank before he leaves office next January. He is bringing incredible pressure to bear on Israel using our financial aid, the European Union, the United Nations, the Arab League, and everyone else he can find to force them to give in. A secret agreement called the “Shelf Plan” has been approved so that if he's not able to succeed by November of this year the next President will have the legal right finish the task.

The only hope Israel has is if millions of Christians pray, unite together, and speak up, and God turns the hearts of the rulers away from their plans against the Jews. This is a spiritual battle, and it can only be

won with spiritual weapons. We must also send a strong signal to President Bush—and to the person who will replace him as well—that Bible-believing Christians will not sit by idly while Israel is destroyed!

I must have your help today. Please rush the largest gift you have ever made—the battle is raging, and we need the resources to win it in the media! Ours is the age of communication...and we must be able to rally believers to pray and get the word out about what is behind the so-called Road Map to Peace.

This is a battle I have been fighting for decades. I boldly faced down Secretary of State James Baker in front of the world media at the Madrid Peace Conference...as I did with the National Security Advisor Robert McFarlin...and went toe-to-toe with the murderous terrorist Yasser Arafat at the 43rd General Assembly in Geneva.

As you well know I have appeared on virtually every media outlet in America, standing in the gap for the Jewish people and mobilizing millions of God-fearing Americans. Only the truth can set us free.

I will do this as your Ambassador if you say yes.

My articles have appeared in the Wall Street Journal, Washington Times, and USA Today. I have appeared on most of the networks such as FOX, NBC, CBS, ABC, and CNN. Together we need to launch a national media blitz utilizing radio, television, and the printed page, along with the internet to urgently unite millions.

I am not afraid to stand up to terrorists and to speak up on behalf of my people. I know how to fight, I'm ready to fight, and I know that if you stand with me in this crucial hour...we will be victorious

While in Israel I was informed that the Road Map to Peace Plan coupled with the Shelf Agreement is being fast-tracked. The first implementation of this plan is to give Syria the Golan Heights. I am horrified by this because Syria is a terrorist state. This is the state that was responsible for supplying all of the Iranian arms to Hezbollah that were fired against the Nation of Israel. I was there in harm's way as missiles were flying over my head over the Sea of Galilee.

The Golan Heights surrounds the Sea of Galilee. This is where the Lord Jesus fed the 5,000. This is where many of the great miracles of the Bible took place, including the Lord walking on the water. The Galileans are completely horrified over this because this could turn their life into a living hell.

I am outraged and concerned. The US is pressuring Israel to give up the Golan Heights now. I must get a message to President Bush and Prime Minister Olmert and let them know you adamantly do not support this. We must stand behind the Jewish community and let know these leaders know that we do not support this decision

Your Ambassador to Jerusalem,

Mike Evans
