

Socialist Government against the People

by
Hilmar von Campe

As one American among millions I observe the present administration trying to destroy the sovereignty and power of this nation. Most of what comes out of the White House is unconstitutional and the reasoning is dishonest. Most likely Barack Hussein Obama is not even eligible for the presidency of the United States.

It is one thing to let the American people know how financially absurd his trillion dollar projects are, it is another thing to make that aspect in reporting the main angle. It is like discussing with a thief whether he could do better in his burglaries without mentioning the criminal character of that activity. After all Obama is not interested in the well being of the American people but in getting a permanent power base and a weak America. He is the head of the American Socialist/Communist Thieves Incorporated. He wants to change our Constitution so that the government can dispose of other people's money and redistribute wealth and so destroy the spirit and the truth of our Constitution.

At a recent dinner in Mobile two well known journalists, Fred Barnes and Stephen Moore, reported on developments of the National Health Care project. It was factual and interesting. But not once was the Constitution mentioned pointing out that the project like all others in the pipe line is unconstitutional and should be stopped because of it. Since these two gentlemen are not alone in their views I wonder whether any legal action is prepared in case Congress votes the project into law.

We need to apply our Declaration of Independence and our Constitution. There it is stated: "We held these Truth to be self-evident, that all Men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among them are, Life, Liberty, and the Pursuit of Happiness -That to secure these Rights Governments are instituted among Men, deriving their just Powers from the Consent of the Governed, that whenever any Form of Government becomes destructive of these Ends, **it is the right of the people to alter or to abolish it, and to institute a new Government**, laying its Foundation on such Principles, and organizing its Powers in such Form, as to them seems most likely to effect their Safety and Happiness..."

We don't want to have a president who lies like Hitler, and who has the killing of human beings in the womb of their mothers on his political platform, and who, together with his accomplices Read and Pelosi, is working to make us, our children and our grandchildren slaves of the godless global Socialist/Communist establishment. What else could be the reason for his not listening to the people, spend trillions of dollars for nonsense, and refuse to present his birth certificate?

Germany went down because of godlessness. America will go down on the same road unless we return to the Christian worldview and fundamentals of our God inspired Constitution. A majority of American people still has the moral substance to follow a political leadership which listens to God and not to the devil. We don't want to continue with an anti God education for our children, which is similar to what we had under the

Nazis. Instead of the truth of our Constitution and the battle for freedom of our Founding Fathers they are being indoctrinated with immorality and the godless nonsense of Darwin. Education belongs to the states of the Union and not to the federal government. The Federal Reserve should not be paid by American tax payers and our oil should make us independent from foreign oil. There are plenty of more issues like these which have to be led into truth.

I am surprised that Republicans do not want to touch the eligibility issue. It smells of corruption In Washington the issue for them is not to try to integrate themselves with the Obama crowd and projects in order to find bi-partisan solutions because the Democratic leadership does not look for solutions. Having studied totalitarian systems and how these people operate after growing up under the Nazis, I am pretty sure that there is a plan to destroy this nation in order to establish permanent power for the radical left, and integrate the United States into the global Socialist/Communist "New World Order". Obama needs to be ousted or at least stopped. He is the greatest danger innocent America has ever confronted. To wait until November may be too late.
